MarineNav Ltd is pleased to offer you various trade credit terms upon approval. Credit limits and payment terms are based on your trading history with us and the information you provide in the Dealer Application Form. As an experienced businessperson, you can appreciate that there is a cost associated with providing credit terms. In order to offer you the best possible service and pricing, MarineNav Ltd has in place the following guidelines for evaluating Dealer Applications and approving credit terms.

- (1) The Dealer has been in active business for more than two years
- (2) The Dealer has provided MarineNav Ltd with a properly filled out Dealer Application Form that enables us to verify the following information:
 - Good Bank and Credit Bureau references
 - No history of NSF Cheques
 - At least two trade references (verification required)

MarineNav Ltd's Credit Department processes each Dealer Application as promptly as possible. However, the turnaround time depends on how fast trade and bank references return the request for information. Our experience is that it takes two to four weeks to process all the credit checks. In order to facilitate this time frame it is imperative that the Dealer Application Form be completed in full prior to submission.
